

Missionary Cooperation Plan 2024

Brought to you by The Society for the Propagation of the Faith

Maternal Life International

Maternal Life International (MLI) promotes safe births and nurtures secure families through couple-centered health care and education in Africa. Catholic hospitals with high infant and maternal mortality rates receive trainings on emergency obstetrical care and equipment is provided to ensure the life of mother and baby can be saved.

They also provide trainings in areas of high poverty to support teamwork in marriage. The MLI education has helped to reduce infidelity, increase joint decision-making, reduce gender-based violence, and improve financial stability and food security for families.

Currently, they are raising funds to support the request by Catholic Bishops Conferences in Zimbabwe and Kenya to carry out family education throughout the country.

HOW TO SUPPORT:

- Pray for our brothers & sisters in the missions.
- Learn more about the mission by visiting <https://tinyurl.com/maternallife>
- Check: Please make checks payable to your parish.
