Diocese of Same

The Catholic Diocese of Same was inaugurated in 1977 and is comprised of two geographical Districts of Same and Mwanga in Kilimanjaro Region in Tanzania. Two-thirds of the Same Diocese is located on the leeward side of the mountain, making it dry and unsuitable for agriculture.

Mission of the Diocese of Same:

- To provide an opportunity for education to children from families of the lowest standard of life, especially from the Maasai communities, who are facing the challenge of not getting an education.
- To provide healthy services to the people living in the villages by going to them by vehicle, together with doctors and nurses, and to build small clinics.
- Supply of water. The Diocese requests support to be able to finance the drilling of the boreholes to the semi-arid zones to get water for daily use, to build the reservoirs to preserve water, and to distribute clean water to the people.
