

GENDER THEORY POLICY SUPPORT

What is the purpose of this support?

The Central Offices of the Archdiocese wants to provide wholistic, on-going support and guidance to parish and school leaders on implementing the archdiocesan Catechesis & Policy on Gender Theory. As situations arise where there are questions on how to implement or communicate the Policy on Gender Theory, the following process is in place to offer guidance and support to the pastor, principal, youth minister, etc.

Implementing the Policy

1) Parish or School Implementation

The parish or school is expected to implement the archbishop's "Catechesis and Policy on Gender Theory."

The parish or school leader is the expert of their community and knows the various person(s) involved. They should apply the Catechesis & Policy to address any related situations that may arise.

2) Archdiocesan Support

If there is situation where the parish or school leader is unable or unsure how to proceed, or would like additional support, they are able to contact the archdiocesan offices. The parish or school leader should be connected to the Gender Theory Policy Support Coordinator, who will coordinate the Gender Theory Policy Support Team. The director will ask various questions to get all the relevant details pertaining to the situation. The director will convene the Support Team, who will meet and offer the parish or school leader the appropriate guidance. The parish or school leader then decides on how to proceed with the situation.

3) Archdiocesan Intervening

If the situation continues to remain unresolved, the Support Team will meet to advise the regional vicar or archbishop whenever it would become necessary to intervene.

Who is consulted for the Gender Theory Policy Support?

- Archbishop's Delegate on HealthCare
 - Offers guidance related to the Church's teaching on human sexuality and acts as a liaison to the archbishop (AHBC)
 - Always asked to join conversations (when available)
