Please review the information contained in this notice for detail about what's changing in your plan along with any actions you may need to take. It's important that you consider the modification(s) being made and evaluate how your retirement savings goals may be impacted.

Below you'll be provided timing and potential actions to take as a result of the change(s) happening in your plan.

Upcoming investment modifications

We'll modify the fund selection by adding the following new fund(s) to the investment options.

Any existing assets and/or investment elections remaining in the fund(s) at that time will be redirected as shown in the chart. Any contributions, contract exchanges, or rollovers received on or after **July 21, 2025**, currently directed to the fund(s) below will be redirected as shown in this chart.

If you are currently invested in the following fund(s) being eliminated:		Your balance and investment elections will be transferred to these new fund(s) being added:	
EILGX	Eaton Vance-Atlanta Capital Focused Growth Fund Class I	JLGMX	JPMorgan Large Cap Growth Fund Class R6

Prior to investing in a mutual fund investment option, an investor should carefully consider the investment objectives, risks, and charges and expenses of the investment company. The prospectus contains this and other important information and should be read carefully before investing or sending money.

What do you need to do?

Take a few minutes to review your current holdings and elections for future contributions and make any changes you feel are necessary to meet your retirement savings goals.
